How to use this catalogue

Each family lists the main items we regularly supply. The lists are not exhaustive: if an item is used on an oil, gas, mining or industrial site, send us its reference and we will supply it.

About us

SAID INVEST GROUP is a Senegalese industrial supply company based in Dakar, serving oil, gas and mining operations and the contractors who work for them.

Our role is simple: to be the single point of contact for purchasing, maintenance and logistics teams for the many, often urgent, items that do not justify a dedicated supplier. We buy from qualified manufacturers and authorized distributors, we can pre-finance purchases, and we deliver to site.

As a Senegalese company, we help operators and contractors meet their local content objectives, with the documentation and traceability their procedures require.

Industrial procurement and supply for oil, gas and mining, from Dakar to West Africa.

SAID INVEST GROUP

18
product families

6
countries served from Dakar

1
contact, one invoice

2019
year registered in Dakar

Our mission

Reduce our clients' supplier count and lead times, with documented purchases delivered to site.

Our commitments

Fast RFQ response, transparency on origin and lead times, compliance with specifications, respect of HSE rules.

Legal identity

SAID INVEST GROUP
NINEA 007342538
RCCM SN DKR 2019B13013

Three sectors, one supply partner

The same team, process and supplier network serve every sector, so an operator, an EPC contractor or a mine can place one order for everything their site needs.

Oil

Offshore and onshore production, drilling campaigns, FPSO and support vessels, supply bases.

- **Exploration & drilling**
- **Production facilities**
- **Offshore supply bases**
- **Vessel supply**

Gas

LNG, gas processing, pipelines, terminals and gas-to-power projects.

- **LNG & gas processing**
- **Pipelines & terminals**
- **Gas-to-power plants**
- **Maintenance turnarounds**

Mining

Gold, phosphate, zircon and iron operations, open-pit and underground.

- **Mine sites & plants**
- **Mining contractors**
- **Camps & remote sites**
- **Quarries**

Senegal: a new energy producer

Senegal has become an oil and gas producer, and the projects around it create steady demand for local, documented supply.

Sangomar

Offshore oil field, in production since 2024, with further development under study.

Greater Tortue Ahmeyim (GTA)

Cross-border LNG project shared with Mauritania, in operation since 2025.

Yakaar-Teranga

Large offshore gas resource planned to supply the domestic market.

National gas network

Planned gas pipeline network linking offshore gas to power plants and industry.

Downstream

Depots, LNG and LPG terminals, storage and service station networks.

Mining

Gold in Kédougou and Sabodala, phosphates, zircon and iron across the country.

Local content

Senegal's local content law (Law 2019-04) gives priority to Senegalese companies in the hydrocarbons sector, and local content rules also cover mining, under the national monitoring committee (CNSCL). SAID INVEST GROUP, a Senegalese company registered in Dakar since 2019, helps operators and contractors buy locally: one Senegalese contact, one invoice, delivery to site.

Upstream & downstream

We follow the hydrocarbons value chain, onshore and offshore, from the drilling campaign to the service station.

Upstream

Onshore and offshore

- Exploration and drilling campaigns
- Production and processing facilities
- Onshore and offshore supply bases
- FPSO, rigs and support vessels

Downstream

Refining, storage and distribution

- Refineries and maintenance turnarounds
- Fuel depots, LNG and LPG terminals
- Service stations and refuelling points
- Fuel transport and distribution

> Midstream too: pipelines, compression and gas-to-power projects draw on the same piping, valves, coatings and safety families.

Why SAID INVEST GROUP

Local responsiveness

Based in Dakar, near the port and the airport, we answer fast and favour local availability.

Qualified supply chain

Manufacturers and authorized distributors, in Senegal and abroad, selected for each product and specification.

Multi-category

18 product families: one supplier, one contact, one invoice.

Financial mobilization

Pre-financing of purchases so your projects are not held up.

Delivery to site

Customs, transport and delivery to the site gate, the supply base or alongside the vessel.

Documented procurement

Certificates, SDS, packing lists and proofs of delivery for your audits.

Industries served

Oil & gas operators

Offshore and onshore production, drilling, supply bases.

EPC & service contractors

Construction, maintenance, drilling and marine contractors.

Downstream & terminals

Depots, terminals, LPG, stations and fuel transport.

Mining companies

Gold, phosphate, zircon and iron mines.

Mining contractors

Drilling, blasting, earthmoving and ore haulage.

Energy & power

Gas-to-power, thermal and solar plants, grids.

Industrial plants

Processing plants, cement works, agro-industry.

Camps & remote sites

Food, accommodation and services for remote sites.

Our procurement process

Seven steps, one contact following your order from RFQ to delivery.

01 Request	02 Verification	03 Offer	04 Purchase	05 Control	06 Logistics	07 Delivery
You send part numbers, quantities, site and deadline.	Availability, specifications and lead times confirmed.	Priced offer: price, lead time, origin, Incoterm, validity.	On PO, we purchase, pre-finance where needed and expedite.	Checked against specification, certificates, packing lists.	Freight, Senegal customs clearance, cross-border transit.	Delivery to site, base or vessel with signed proof of delivery.

Quality & compliance

Specification match

Each item is checked against the requested reference, brand, standard and data sheet.

Document traceability

Certificates of origin and conformity, mill test certificates, test reports, SDS, packing lists.

HSE on delivery

Drivers briefed on your site rules, PPE worn, dangerous goods declared.

Qualified suppliers

Certified manufacturers and authorized distributors, genuine parts or equivalents you approve.

Documents supplied on request

Depending on the order: Proforma and commercial invoice · Certificate of origin · Certificate of conformity · Mill test certificate EN 10204 3.1 / 3.2 · SDS · Packing list · Signed delivery note

Oil & gas compliance

The standards below are applicable references, depending on the product, your specification and the order. Certifications and licences are held by the manufacturers; SAID INVEST GROUP supplies their products with the corresponding documents.

Family	Applicable reference standards (per product and order)
Piping, flanges & fittings	API 5L · API 5CT · ASME B16.5 · B16.9 · B16.11 · B16.47
Valves	API 6D · API 600 · API 602 · API 608 · API 6A · API 526 · testing to API 598
Sour service (H_2S)	NACE MR0175 / ISO 15156
Gaskets & bolting	ASME B16.20 · ASTM A193 B7 / B7M · ASTM A194 2H
Drilling fluids	API 13A · ISO 13500
Hazardous-area electrical	ATEX 2014/34/EU · IECEx · IEC 60079
PPE	NFPA 2112 · EN ISO 11612 · EN 1149-5 · EN ISO 20471 · EN 137
Fire & rescue	NFPA 10 · NFPA 11 · EN 3 · SOLAS / IMO
Coatings & cathodic protection	ISO 12944 · NORSOK M-501 · ISO 8501 · DNV-RP-B401
Lifting gear	EN 13414 · EN 1677 · test certificates

Third-party inspection

Inspection by SGS, Bureau Veritas or TÜV can be arranged on request, before shipment or on arrival in Dakar.

Manufacturer certifications

API Monogram marking is applied only by API-licensed manufacturers. When your order requires it, we supply from licensed or certified manufacturers (API, ISO 9001, ATEX) and pass on their certificates.

01 – 11

Core supply

Eleven families that serve oil, gas and mining sites alike.

- 01 MRO & critical spare parts
- 02 Process chemicals & reagents
- 03 Industrial & workshop consumables
- 04 Filtration
- 05 Lubricants & greases
- 06 Hydraulics, pneumatics & hoses
- 07 Electrical & instrumentation
- 08 PPE & HSE safety
- 09 Industrial equipment & tools
- 10 Food, catering & camp supply
- 11 Cleaning, hygiene & logistics

01

Family 01 / 18

MRO & critical spare parts

The parts that stop production when they are missing, on a rig, a gas plant or a mine. We work from your OEM part numbers or samples, supplying genuine parts or qualified equivalents.

Oil | Gas | Mining

Power transmission

- Ball, roller and spherical bearings
- Plummer blocks and housings
- V-belts and timing belts
- Chains, sprockets, pulleys
- Couplings and elastic inserts
- Gearboxes and geared motors

Sealing

- O-rings and seal kits
- Oil seals and lip seals
- Pump mechanical seals
- Gaskets and gasket sheet
- Gland packing

Pumps, valves & piping

- Centrifugal, slurry and dosing pumps
- Pump wear parts (impellers, liners)
- Ball, butterfly and knife-gate valves
- Check valves and strainers
- Steel and HDPE pipe, flanges, fittings

Wear & structural

- Wear plates and ceramic liners
- Rubber linings
- Conveyor idlers, belts and scrapers
- High-tensile bolts and fasteners
- Anchors and fixings

Related services

- Part identification from sample or nameplate
- Qualified equivalents for obsolete parts
- Safety-stock planning

For a fast quotation, include

- OEM reference or part number
- Equipment make and model
- Quantity and target date

02

Family 02 / 18

Process chemicals & reagents

Process reagents, water treatment and maintenance chemicals for mines, plants and oil and gas facilities, supplied with safety data sheets and transported under dangerous goods rules.

Mining | Oil | Gas

Ore processing

- Quicklime and hydrated lime
- Flotation collectors and frothers
- Flocculants and coagulants
- Activated carbon
- Caustic soda, acids
- Salts and laboratory reagents

Water & effluents

- Chlorine, hypochlorite, tablets
- Scale and corrosion inhibitors
- Wastewater treatment products
- Water test kits
- Cooling tower treatment

Maintenance chemicals

- Industrial degreasers and solvents
- Penetrants and anti-seize
- Adhesives, resins, repair compounds
- Coolants and antifreeze
- Absorbents and spill kits

Laboratory

- Lab glassware and consumables
- Fire assay crucibles and flux
- Analytical reagents
- Weighing equipment

Related services

- Safety data sheets supplied
- Compliant packaging and labelling
- Bulk, big-bag, drum or IBC delivery

For a fast quotation, include

- Chemical name or data sheet
- Grade and packaging
- Monthly consumption

03

Family 03 / 18

Industrial & workshop consumables

Everything a maintenance workshop uses up every day: welding, cutting, fixing, marking. We group these small purchases into one order.

Oil | Gas | Mining

Welding & cutting

- Welding electrodes and wire
- Industrial gases: oxygen, acetylene, argon
- Torches, regulators, hoses
- Cutting and grinding discs
- Welder protection

Fixing & assembly

- Stainless and zinc-plated fasteners
- Rivets, clamps, cable ties
- Sealants, silicones, foams
- Industrial tapes
- Chemical anchors

Abrasives & finishing

- Sandpaper and abrasive cloth
- Wire brushes
- Industrial and anti-rust paints
- Marking sprays
- Thinners and brushes

General supplies

- Tarpaulins, ropes, textile slings
- Industrial wipes and rags
- Bags, drums and containers
- Office and IT consumables

Related services

- Workshop kits prepared per station
- Scheduled monthly replenishment
- One invoice for many line items

For a fast quotation, include

- Item list and quantities
- Consumption frequency
- Delivery site

04

Family 04 / 18

Filtration

Filters for heavy fleet, generators, compressors, gas engines and fixed plant. We cross-check every part number against your manufacturer list.

Oil | Gas | Mining

Mobile fleet

- Engine oil filters
- Fuel filters and water separators
- Primary and safety air filters
- Cabin filters
- Transmission filters

Hydraulics

- Hydraulic filter elements
- Return and suction filters
- Breathers and filler filters
- Complete filter housings

Fixed plant & gas

- Compressor filters and separators
- Generator set and gas engine filters
- Coalescer and gas filter cartridges
- Dust collector bags and cartridges

Water & process

- Water filter cartridges
- Filter press cloths
- Strainers and screens
- Membranes and filter media

Related services

- Cross-referencing between brands
- Service kits per machine and interval
- Buffer stock for critical references

For a fast quotation, include

- Filter or machine reference
- Machine serial number
- Quantity per service interval

05

Family 05 / 18

Lubricants & greases

Oils and greases for engines, gas engines, compressors, turbines, hydraulic circuits and fixed equipment, delivered in pails, drums or bulk, matching your manufacturers' specifications.

Oil | Gas | Mining

Oils

- Heavy-duty diesel engine oils
- Gas engine oils
- Hydraulic oils
- Transmission and gear oils
- Compressor and turbine oils

Greases

- Lithium multipurpose greases
- Extreme-pressure (EP) greases
- Greases for centralized lubrication
- Open gear and high-temperature greases
- Marine and water-resistant greases

Fluids

- Coolants
- Brake fluids
- AdBlue / DEF
- Marine lubricants

Lubrication equipment

- Grease pumps and guns
- Drum transfer pumps
- Hose reels and meters
- Spill containment trays

Related services

- Pail, 208 L drum, IBC or bulk delivery
- Matching to OEM specifications
- Planning based on your consumption

For a fast quotation, include

- Viscosity and standard (SAE, ISO VG, API)
- Required packaging
- Monthly volume

06

Family 06 / 18

Hydraulics, pneumatics & hoses

Hydraulic and pneumatic components for fleet, rigs and plant, and hoses made to length to your pressure specifications.

Oil | Gas | Mining

Hoses & fittings

- High-pressure hydraulic hoses
- Crimped end fittings and adaptors
- Air, water and suction hoses
- Quick couplers
- Hose protection sleeves

Hydraulic components

- Hydraulic pumps and motors
- Cylinders and cylinder seal kits
- Directional and control valves
- Accumulators
- Pressure gauges and sensors

Pneumatics

- Pneumatic cylinders and valves
- Pneumatic tubing and fittings
- Filter-regulator-lubricators
- Air tools

Other

- Tanks and oil coolers
- Repair kits
- Crimping tools

Related services

- Hose assemblies made to order
- Seal kits per cylinder model
- Parts for all fleet brands

For a fast quotation, include

- Diameter, length, working pressure
- End fitting type
- Machine or installation

07

Family 07 / 18

Electrical & instrumentation

Low and medium voltage equipment, lighting and instrumentation for plants, camps and workshops, including explosion-proof (ATEX / IECEx) equipment for hazardous areas.

Oil | Gas | Mining

Cables & distribution

- Armoured and flexible power cables
- Mining, control and instrument cables
- Switchboards and enclosures
- Breakers, contactors, relays
- Ex cable glands and junction boxes

Motors & power

- Electric motors (incl. Ex motors)
- Variable speed drives and starters
- Transformers
- UPS and batteries
- Generator sets and parts

Lighting

- LED site floodlights
- Lighting towers
- Explosion-proof (Ex) lighting
- Headlamps and torches
- Solar lighting

Instrumentation

- Level, flow and pressure transmitters
- Pressure gauges and thermometers
- Test meters and multimeters
- PLCs and I/O modules
- Fixed gas detectors

Related services

- IEC and ATEX / IECEx compliant equipment
- Cables cut to length
- Supply of automation references

For a fast quotation, include

- Voltage, power, cross-section
- Existing reference and brand
- Environment (IP rating, hazardous zone)

08

Family 08 / 18

PPE & HSE safety

Personal protective equipment and safety gear for mine sites, plants and oil and gas facilities, including flame-resistant clothing and H_2S detection. Sizes, logos and marking to your standard.

Oil | Gas | Mining

Body protection

- Hard hats and chin straps
- Safety glasses and face shields
- Ear plugs and ear muffs
- FFP2/FFP3 dust masks
- Cartridge respirators

Workwear & hands

- Flame-resistant (FR) and anti-static coveralls
- High-visibility workwear and vests
- Handling, cut-resistant and chemical gloves
- Safety shoes and boots
- Rainwear

Height & confined space

- Harnesses and fall-arrest lanyards
- Self-retracting lifelines
- Rescue tripods and winches
- Multi-gas and H_2S detectors

Signage & emergency

- Safety signs and barriers
- First aid kits and cabinets
- Fire extinguishers and hose reels
- Safety showers and eyewash
- Lockout-tagout padlocks and kits

Related services

- Branding with your company logo
- Per-employee issue kits
- Conformity certificates (EN, ANSI, NFPA)

For a fast quotation, include

- Item, standard and size
- Number of employees
- Required marking

09

Family 09 / 18

Industrial equipment & tools

Tools, lifting and site equipment for maintenance and operations, purchased or mobilized quickly for your projects.

Oil | Gas | Mining

Tools

- Hand tools and tool kits
- Power and cordless tools
- Torque and impact wrenches
- Measuring tools
- Non-sparking tools

Lifting & handling

- Hoists, winches and jacks
- Chain, wire rope and textile slings
- Shackles, hooks and fittings
- Pallet trucks and trolleys

Site equipment

- Generator sets
- Air compressors
- Engine and dewatering pumps
- Pressure washers
- Welding machines

Storage & workshops

- Shelving and storage cabinets
- Containers and shelters
- Fuel and water tanks
- Scaffolding and ladders

Related services

- Fast mobilization for project start-ups
- Lifting and inspection certificates
- Related parts and consumables

For a fast quotation, include

- Specifications (load, power, flow)
- Purchase or mobilization
- Required on-site date

10

Family 10 / 18

Food, catering & camp supply

Complete camp supply for remote sites and supply bases: food, water, kitchen equipment and accommodation, with scheduled deliveries.

Oil | Gas | Mining

Food

- Dry goods: rice, flour, oil, sugar, pasta
- Canned goods and groceries
- Fresh produce, meat and frozen food
- Drinks and bottled water
- Coffee, tea and breakfast items

Kitchen & catering

- Professional kitchen equipment
- Crockery and utensils
- Cold rooms and freezers
- Disposable food packaging
- Cooking gas

Accommodation

- Prefabricated modules and cabins
- Beds, mattresses, bedding
- Room and office furniture
- Air conditioners and fans
- Linen and towels

Water & utilities

- Water tanks and dispensers
- Drinking water treatment units
- Laundry machines and products

Related services

- Scheduled weekly deliveries
- Cold chain maintained
- Local produce prioritized

For a fast quotation, include

- Number of people on camp
- Delivery frequency
- Item list or typical menus

11

Family 11 / 18

Cleaning, hygiene & logistics

Cleaning products for offices, workshops and camps, and logistics services to move your orders from port or airport to site, onshore or to the supply base.

Oil | Gas | Mining

Cleaning & hygiene

- Detergents, disinfectants, bleach
- Carts, brooms, buckets, mops
- Toilet paper and hand towels
- Soaps and hand sanitizer
- Waste bags, bins and pest control

Transport

- Road freight Dakar to site
- Flatbed, tanker and refrigerated trucks
- Cross-border to Mali, Guinea, Mauritania
- Supplier pickup and consolidation

Import & customs

- Sea freight via Port of Dakar
- Air freight via AIBD
- Customs clearance and formalities
- Import document follow-up

Storage

- Temporary storage in Dakar
- Packing and palletizing
- Labelling per site or PO

Related services

- One contact from supplier to site
- Signed proof of delivery
- Shipment tracking

For a fast quotation, include

- Origin and destination
- Weight, volume, cargo type
- Deadline and Incoterm

12 – 18

Oil & gas specific supply

Seven families built around the hydrocarbons value chain.

12 Piping, valves & fittings API / ASME

13 Drilling & drilling fluids

14 Oilfield chemicals & treatment

15 Fire safety & gas detection

16 Corrosion protection & coatings

17 Marine & offshore supply

18 Fuel storage & distribution

12

Family 12 / 18

Piping, valves & fittings API / ASME

Pressure-rated piping components for production, processing, pipelines and terminals, supplied with full material traceability.

Oil Gas

Valves

- Floating and trunnion ball valves
- Gate, globe and check valves
- Butterfly valves
- Needle valves and instrument manifolds
- Pressure safety and relief valves

Pipe

- Seamless and welded line pipe
- Casing and tubing (OCTG)
- Carbon, stainless and duplex pipe
- Pipe nipples and spools

Flanges & fittings

- Weld neck, slip-on, blind and RTJ flanges
- Butt-weld fittings: elbows, tees, reducers
- Forged fittings and olets
- Spectacle blinds and spacers

Sealing & bolting

- Spiral wound gaskets
- Ring type joints (RTJ)
- Flange insulation kits
- Stud bolts B7 / B7M with 2H nuts
- PTFE-coated bolting

Applicable standards API 5L · API 5CT · API 6D · API 600 · ASME B16.5 · B16.9 · B16.20 · NACE MR0175 / ISO 15156

Related services

- Mill test certificates EN 10204 3.1 / 3.2
- Heat-number traceability
- Sour-service material and third-party inspection on request

For a fast quotation, include

- Size, pressure class, material
- End connection and standard
- Documentation required

13

Family 13 / 18

Drilling & drilling fluids

Drilling fluid materials and rig consumables for exploration and development wells, delivered to the supply base in sacks, big-bags or on pallets.

Oil Gas

Weighting & viscosity

- API bentonite
- API barite
- PAC and xanthan gum polymers
- CMC

Fluid additives

- Fluid loss reducers
- Lost circulation materials
- Shale inhibitors
- Drilling lubricants and defoamers
- Caustic soda, soda ash, lime

Completion & brines

- Calcium chloride and brines
- Cement additives
- Casing centralizers

Rig consumables

- Pipe dope and thread compounds
- Thread protectors
- Rig wash and degreasers
- Mud testing kits

Applicable standards API 13A · ISO 13500 · GHS labelling

Related services

- Sack, big-bag or pallet delivery to base
- Safety data sheets and certificates of analysis
- Stock planning per drilling campaign

For a fast quotation, include

- Product and specification
- Packaging
- Quantity per well or campaign

14

Family 14 / 18

Oilfield chemicals & treatment

Production, water and gas treatment chemicals that protect assets and keep flow assurance under control, supplied in drums, IBCs or bulk.

Oil Gas

Production chemicals

- Corrosion inhibitors
- Scale inhibitors
- Demulsifiers
- Paraffin and asphaltene inhibitors
- H_2S scavengers

Water & injection

- Biocides
- Oxygen scavengers
- Clarifiers and flocculants
- Membrane and RO chemicals

Gas processing

- MEG and TEG glycols
- Methanol for hydrate control
- Antifoams
- Amine solvents

Cleaning & spill response

- Heavy-duty degreasers
- Tank cleaning chemicals
- Oil spill dispersants
- Absorbent booms, pads and kits

Applicable standards GHS · IMDG · ADR · SDS supplied

Related services

- Safety data sheets and certificates of analysis
- Dangerous goods packaging and transport
- Drums, IBC or bulk

For a fast quotation, include

- Chemical name or data sheet
- Concentration and packaging
- Monthly consumption

15

Family 15 / 18

Fire safety & gas detection

Firefighting, gas detection and breathing protection for platforms, plants, depots and terminals.

Oil Gas

Firefighting agents

- AFFF and fluorine-free foam concentrates
- Powder, CO_2 and foam extinguishers
- Wheeled extinguishers
- Fire blankets

Fire water equipment

- Fire hoses and couplings
- Nozzles and monitors
- Foam branch pipes and generators
- Hydrant valves and hose reels

Gas detection

- Portable 4-gas and H_2S detectors
- Fixed gas detection heads
- Calibration and bump-test gas
- Alarm beacons and sirens

Breathing & rescue

- Self-contained breathing apparatus (SCBA)
- Escape sets (EEBD)
- Fire and proximity suits
- Stretchers and rescue kits

Applicable standards NFPA 10 · NFPA 11 · EN 3 · EN 137 · ATEX / IECEx

Related services

- Detector calibration coordination
- Extinguisher inspection and refill coordination
- Conformity certificates

For a fast quotation, include

- Item and rating
- Hazardous zone classification
- Quantity and site

16

Family 16 / 18

Corrosion protection & coatings

Coating systems, surface preparation and cathodic protection for structures, tanks, pipelines and vessels exposed to marine and industrial environments.

Oil | Gas | Mining

Coatings

- Epoxy and polyurethane systems
- Zinc-rich primers
- High-temperature coatings
- Marine and antifouling paints
- Passive fire protection

Surface preparation

- Blasting abrasives (garnet, grit)
- Blasting hoses, nozzles and helmets
- Coating inspection gauges

Cathodic & pipe protection

- Sacrificial anodes: zinc, aluminium, magnesium
- Anti-corrosion wrap tapes
- Heat-shrink sleeves
- Pipe support isolation pads

Thermal insulation

- Mineral wool and cladding
- Removable insulation jackets

Applicable standards ISO 12944 · NORSOK M-501 · ISO 8501 · DNV-RP-B401

Related services

- Coating systems matched to your specification
- Batch certificates
- Delivery in kits per work package

For a fast quotation, include

- Coating specification or system
- Surface area
- Environment (marine, immersion, high temperature)

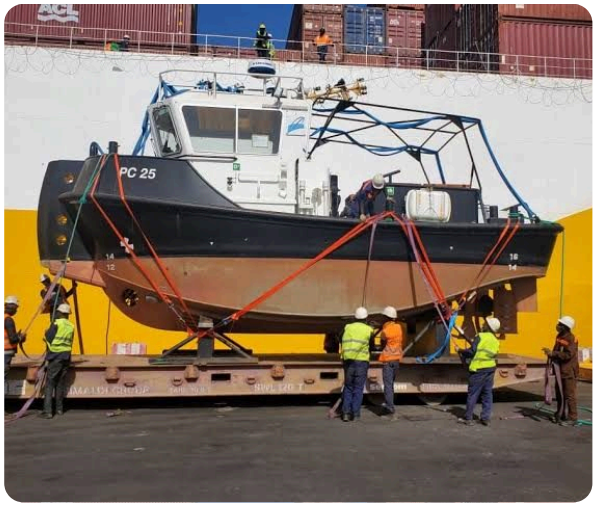

17

Family 17 / 18

Marine & offshore supply

Provisions, stores and certified deck equipment delivered alongside at the Port of Dakar or to the supply base, one consolidated delivery per vessel call.

Oil Gas

Provisions

- Dry, fresh and frozen provisions
- Fresh and bottled water
- Galley consumables

Deck & engine stores

- Mooring ropes and hawsers
- Certified shackles, slings and rigging
- Cargo nets and baskets
- Engine room consumables
- Marine lubricants

Cabin & hotel

- Bedding and linen
- Cleaning and hygiene
- Laundry products
- Crew PPE

Logistics

- Delivery alongside at the Port of Dakar
- Urgent spares by air via AIBD
- Ship spares in transit customs

Applicable standards SOLAS / IMO · EN 13414 · EN 1677

Related services

- One consolidated delivery per vessel call
- One invoice per requisition
- Certificates for lifting gear

For a fast quotation, include

- Vessel name, ETA and berth
- Requisition list
- Delivery point

18

Family 18 / 18

Fuel storage & distribution

Equipment and spares for depots, terminals, service stations and LPG facilities, the recurring needs of the downstream sector.

Oil Gas

Dispensing

- Fuel dispensers and pumps
- Nozzles and swivels
- Dispensing hoses and breakaway couplings
- Flow meters

Storage

- Tank gauging and level indicators
- Vents and flame arresters
- Tank valves and manholes
- Spill containment

Loading & transfer

- API couplers and bottom-loading adaptors
- Dry-break couplings
- Loading arm spares
- Transfer pumps and hoses

Safety, quality & LPG

- Earthing and grounding clamps
- Fuel filters and water separators
- Fuel sampling and test kits
- LPG regulators and valves

Applicable standards ATEX / IECEx · API RP 1004 · EN 13617

Related services

- Spares matched to your equipment brands
- Recurring supply for station networks
- ATEX-rated equipment

For a fast quotation, include

- Equipment make and model
- Product and quantity
- Sites to deliver

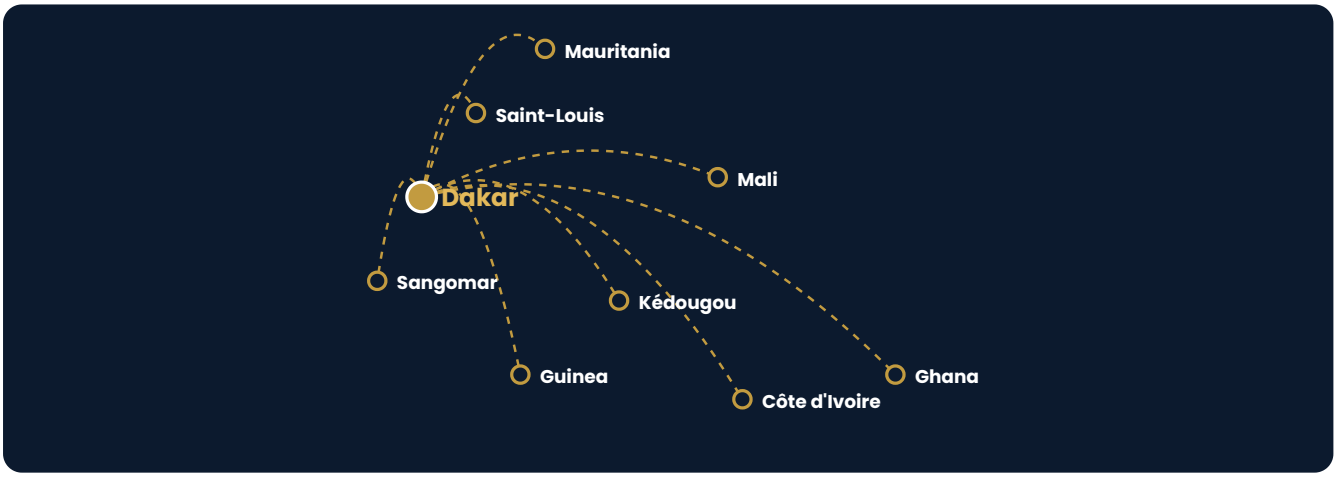

Experience & capabilities

Areas where we have already delivered supply for industrial, marine and site clients.

- **Marine & vessel supply**
- **Maintenance & spare parts**
- **Facility cleaning & hygiene**
- **PPE & workwear**
- **Lubricants & oils**
- **Electrical supply**
- **Camp & catering supply**
- **Transport & logistics**

Dakar, hub for West Africa

Dakar is our hub: a deep-water port, an international airport and road corridors to the region. From here we serve Senegal, offshore supply bases and five neighbouring countries.

Senegal, energy

Port of Dakar, offshore supply bases, Saint-Louis, Bargny-Sendou

Senegal, mining

Kédougou, Sabodala, Thiès, Matam

Cross-border

Mauritania, Mali, Guinea, Côte d'Ivoire, Ghana

Import & Incoterms

Port of Dakar, air freight via AIBD · EXW, FCA, CIF, DAP, DDP

Send your request for quotation

The more precise your request, the faster our offer. We usually reply within 48 hours.

Include in your request

1. Company name and delivery site
2. Description, reference or part number
3. Preferred brand or accepted equivalent
4. Quantity and unit
5. Required delivery date
6. Required documents (certificates, MTC, SDS, origin)
7. Photo or data sheet if available
